

MATTHEW KAUFMAN, ACAS, MAAA

Consulting Actuary | Chicago, Illinois

Matt serves as project manager for multiple insurance programs, including self-insured entities, traditional insurance companies, captive insurance companies, risk retention groups and state funds. He performs both interim and year-end reserve and funding analyses and develops rate indications and loss cost multiplier projections.

He also has experience in assignments involving enterprise risk captives, simulation methods, risk margin calculations and captive feasibility studies. He has worked with entities writing multiple lines of business, including workers' compensation, general liability, professional liability, auto liability and auto physical damage.

In addition, Matt works with insurance industry data to update and help develop benchmarks to be applied to various actuarial analyses. He also assists with preparation of statements of actuarial opinion and actuarial opinion summaries.

- ★ Qualified Actuary per the National Association of Insurance Commissioners (NAIC)
- ★ Qualified to sign statements of actuarial opinion per the American Academy of Actuaries (AAA)
